U.S. Pat. App. Ser. No. 10/532,414 Attorney Docket No. 10191/3791 Reply to Office Action of March 30, 2006

Amendments to the Abstract:

Please amend without prejudice the Abstract as follows:

--A device for triggering <u>a</u> restraining <u>arrangement</u> [[means]] in a vehicle in which the vehicle velocity is taken into consideration in the triggering. In the <u>system process</u>, the vehicle velocity is checked for plausibility by the signal from a remote sensor so as to avoid faulty triggering.--.
